

# MEDI 8 UV-C AIR PURIFIER

## WITH UV-C VIRUS STERILISER

### AIR PURIFIER FOR OFFICES, HOSPITALS & PUBLIC SPACES

ParcMed MEDI Air Purifiers are well proven high performance air cleaners that use advanced HEPA filtration to remove 99.995% of airborne dust. The new MEDI range incorporates proven UV-C (Ultra Violet) Sterilisation Technology to kill or inactivate bacteria by disrupting their DNA to help prevent the spread of infectious diseases and viruses. These units are entirely safe for use in occupied areas as all UV-C rays are completely concealed.

The MEDI range has been developed for public spaces such as Hospitals, Care Homes, Pharmacies, Schools, Colleges, Clinics, Laboratories, Offices, or any indoor area where there could be nasty airborne micro-organisms such as bacteria, viruses, parasites, fungi, dust mites & spores, and render them unable to reproduce.

These powerful air cleaners are designed to run 24 / 7 to purify the air and create a healthy living environment, but they do not displace the need for essential sanitising and disinfecting of surfaces.

#### **G3 Filter**

The G3 filter purifies the air up to 90%. All dust particles 5 µm or larger are removed here.

#### **HEPA13 Filter**

The HEPA13 filter removes up to 99.995% of microparticles larger than 0.01 µm.

#### **Carbon Filter**

The carbon filter remove pollutants, VOCs and unpleasant odors from the air. These are gaseous substances that mechanical filters G4 and H13 HEPA filters cannot remove.

#### **UV-C Steriliser**

Powerful 100% concealed ozone-free UV-C lamps deliver killer rays to destroy viruses & bacteria by disrupting their DNA and help prevent the spread of virus and infectious diseases such as COVID-19, but does not replace the need to take other precautions.

#### **Advantages of the MEDI 8:**

- Purifies and disinfects the air up to 99.999%
- Destroys bacteria & virus DNA
- Intelligent filter monitoring
- Remote Control
- Reduces spread of bacteria & viruses
- Positive effect on your health
- Inhalation allergies can disappear
- 100% Safe use of UV-C as ISO 15858
- Compact high performance mobile units
- Filters are tested to: ISO 16890 -1:2016 / EN1822-1:2019

#### **What can the MEDI 8 filter out of the air?**

- Bacteria and viruses
- Dust mite
- Mold spores
- Pollen
- Dust and fine dust
- Smoke and other odours

#### **Low noise level**

MEDI's operate at a low noise level, making them particularly suitable for public areas

such as offices, hospitals, shops, waiting rooms, hotels, care centers, etc.

#### **Advantages of the air circulation system:**

- Maximising system efficiency
- Longer fan life
- Provides healthier air to breathe
- 24/7 Operation
- Optional ducting kits
- Helps maintain room temperatures

**Proven in world first real live Covid ward trials**

**SPECIFICATIONS**

	MEDI-8
Product Code	114155
Voltage	230V
Total Power	80W
Filter type	G3 H13 HEPA Carbon UV-C
Lifetime UV-C	8000h
Air Flow	4 Speed + sleep mode
Max Air Flow incl. Filters	800m3/h
Recommended Room Size	160m³
Remote Control	Yes
Noise Level dB(A)	15 - 69
Weight	15 kg
Dimensions (mm)	360 x 360 x 780 mm
Warranty	24 Months
